

Remembering our strengths, challenges,
questions, dreams and hopes
while opening ourselves to God's direction:
What is God calling Hope Springs to be and do?

We long for deeper encounters
with God's presence.
How do we nurture this?
How do we become more
comfortable sharing
our experiences of faith?

How do we deepen our ability
to be an intergenerational
community of belonging
for all sorts of people?
How do we continue fostering our
gentle spirit with one another?

What needs in our communities
is God calling us to see?
How do we share & show
God's love, mercy & justice
beyond Hope Springs?

And then...
How can we use our resources creatively
(buildings, property, finances)
and how can we support and sustain
our paid staff and volunteers
to support God's call to Hope Springs?
